EPSON® STYLUS™ C42

A superb quality, fast printing solution for all the family

Printing letters, reports, cards, newsletters, homework and even photographs in superb quality now could not be simpler, with the EPSON Stylus C42. This A4 colour printer benefits from EPSON's industry leading Micro Piezo™ inkjet technology to offer the user stunning results every time. True 1440 dpi resolution and tiny 6pl ink droplets ensure clear, crisp text and outstanding colour graphics and photos, printed at high speed (up to 11 pages per minute in black). Set up and use of the EPSON Stylus C42 is simplicity itself.

Affordable and economical to run

This affordable printer comes with everything you need to get going. Its twin, resealable Intellidge™ black and colour ink cartridges allow the user to monitor ink levels (via the on-screen Status Monitor 3 utility) and swap inks around to maximise efficiency and cost effectiveness. Furthermore, the EPSON Micro Piezo™ permanent inkjet printhead is lifelong and does not need replacing.

Compact and versatile

This stylish, durable A4 printer has been carefully designed to minimise desktop coverage, giving more space to work. With its compact, robust design and retractable paper tray, the EPSON Stylus C42 will not clutter up your desktop.

Ultimate connectivity

A wide range of PC systems are supported by the EPSON Stylus C42UX's single USB port. The straight-forward plug-and-play operation of this connection means set-up and operation is always a simple procedure. A second model with a single IEEE 1284 Parallel interface (EPSON Stylus C42SX) port is available for those using Windows 95 and non-USB systems.†
